Why ?

- Why keep up with academia ?

Bell labs binary search challenge, 10% got it right

- Why join us?

Great way to meet people with the same interests as yours

Dude, don't waste my time !

- We won't

- We understand how busy you are

- Poll for determining best time for participants

- Current plan is to meet every 3 weeks

- Scarcity of speakers can be a real issue, get involved !

Back to school !

- September is here

- Now is even more emotional

- Nostalgia of the old days

- Kids start a new chapter

- YOU attend Papers We Love

What for ?

- Our Mission

Is to become the largest technical community in Romania by the end of 2018

- Our Vision

To empower our members with the latest academic research in order for them to have a positive impact on society

The Paper

- For today we have chosen "The Anatomy of a Large-Scale Hypertextual Web Search Engine" by Sergey Brin and Lawrence Page

- Next paper : "Map-Reduce-Merge: Simplified Relational Data Processing on Large Clusters", presented by Adrian Florea

  https://www.cs.duke.edu/courses/cps399.28/current/papers/sigmod07-YangDasdanEtAl-map_reduce_merge.pdf

- Reading it before the presentation should not be mandatory, as the presentation has the role of both summarizing it and helping with the more difficult aspects

- We intend to get future papers from http://findpaperswelove.com/#!/

- No strict policy, open to proposals
